

The math puzzle below came in from Agent Amber. She texted the instructions to us and was going to give us some more information, but then went dark and we don't know anything else about what to do with it other than she said she'll try to get us three hints through some of our other agents. We think the code will give us access to the following Link:

Instructions:

The solutions will be a number from 1 to 16.

Each number is only used once.

Solve each row from left to right. (Ignore order of operation.)

Solve each column from top to bottom. (Ignore order of operation.)

Place numbers in circles in order from left to right.

<input type="text"/>	+	<input type="text"/>	-	<input type="text"/>	+	<input type="text"/>	19
+		-		-		+	
<input type="text"/>	-	<input type="text"/>	-	<input type="text"/>	-	<input type="text"/>	-31
+		+		/		-	
<input type="text"/>	-	<input type="text"/>	/	<input type="text"/>	+	<input type="text"/>	8
+		-		+		+	
<input type="text"/>	-	<input type="text"/>	/	<input type="text"/>	+	<input type="text"/>	1
23		-3		5		22
