

Grid Picture

This image was sent to us by agent Andrews. She said she was sending other images that go with it to some of the other field agents. We've put a copy of it in a Google Drawings document in your folder. If you find any clues for what goes in this grid, you can place and size them online.

1A	2A	3A	4A	5A
1B	2B	3B	4B	5B
1C	2C	3C	4C	5C
1D	2D	3D	4D	5D
1E	2E	3E	4E	5E

She left this riddle to her website. We believe the answer is written out as a word. It may help you get started on the grid.

Bill is standing in a line. He is 3rd from the front and 7th from the end. How many people are in the line?

Andrew
